CAREER OBJECTIVE

Looking for a QA (Test) Engineer role with a successful company in which to use my skills and abilities to contribute to the growth of the company.

SUMMARY

ISTQB certified tester with 4.7 years of experience in manual and automation testing. Passionate about software testing and development, with a background in law and a desire to stay on the cutting edge of new technologies and innovations. A highly motivated and creative problem-solver with a track record of effectively and quickly learning new skills to bring value to teams.

Proven experience in executing manual test cases, identifying and reporting bugs, and verifying fixes. Proficient in multiple programming languages, including Python, JavaScript, TypeScript, C#, and SQL, and experienced in using IDEs and editors such as VS Code, Sublime Text, PyCharm, and Visual Studio.

Proven ability to thrive in fast-paced, high-pressure environments, with the ability to work independently and deliver results. Committed to continuous learning and growth, with a desire to excel in web development and contribute to team success through hard work and attention to detail.

RELEVANT SKILLS

- Expertise in testing websites and developing comprehensive test documentation.
- Proven experience executing manual test cases, identifying and reporting bugs, and verifying fixes using tools such as Jira, Zephyr, TestRail, and TestLink.
- Experience in writing and maintaining automated tests using Selenium and Jenkins.
- Proficient in multiple programming languages, including Python, JavaScript, TypeScript, C#, and SQL, and experienced in using IDEs and editors such as VS Code, Sublime Text, PyCharm, and Visual Studio.
- Solid understanding of Git and GitHub, with the ability to effectively manage code repositories.
- Advanced English proficiency, as well as native speaking of Ukrainian and Russian.
- Proven ability to thrive in fast-paced, high-pressure environments, with the ability to work independently and deliver results.
- Skilled in converting high-level requirements into exceptional user experiences.
- Committed to continuous learning and growth, with a desire to excel in web development and contribute to team success through hard work and attention to detail.
